ASM Journals are the most prominent publications in the field, delivering up-to-date and authoritative coverage of both basic and clinical microbiology.

Archive | Journal of Bacteriology

Each year in the U.S., at least 2.8 million people are infected with antibiotic-resistant bacteria or fungi, and more than 35,000 people die as a result. No one can completely avoid the risk of resistant infections, but some people are at greater risk than others (for example, people with chronic illnesses).
