In 1996 BMW added the Z3 to the lineup. First available only with the 1.9 liter engine, the Z3 went on to carry every 6 cylinder produced between 1996 and 2002. A fun, sporty little 2 seater came both in convertible and coupe form. Being a bit of a "parts bin" car, the Z3 is part E30, part E36, but all original.

Since 1995, various models using a 2.5 litre six-cylinder engine have been named 323i and 523i. For the E36, E46 and E39, this was due to the previous 325i/525i models being higher in the model range than the new models, therefore a lower number was used to indicate to customers that it was not a highly equipped model.
