Canon T90. This is the Canon T90, the last[1] and most advanced Canon FD-mount camera, and the camera which, for better or worse, influenced the styling and ergonomics of every 35mm SLR camera, Canon or otherwise, made since. Go and take a look at it side-by-side with 2007's EOS 40D. Or just compare it to any camera made before 1986. (Bonus: the curvy body is much easier to clean than the ...

last professional camera to use the Canon FD lens mount.

### **Canon T90 - Wikipedia**

The life span of the Canon T-90 was the shortest and can also be considered the last of the true professional FD-based manual focus SLR camera from Canon\*\* but it is also the most sophisticated automatic exposure 35mm SLR that Canon has ever produced.

### **Canon T90 (1986) | Camera reviews**

The Canon T90 is a 35mm SLR introduced by Canon in 1986. It was their most advanced model in the classic Canon FD mount. One look at the T90 and you can see that it was THE bridge camera to the Canon EOS line of cameras, which was introduced only a year later in 1987 with the Canon 650.

### **Canon T90 Review - Camera Legend**

Description Introduced in 1986, the Canon T90 was the last serious, high-end manual focus FD mount SLR designed by Canon. The T90 was the most sophisticated automatic exposure camera developed prior to modern DSLRs.

### **Canon T90 - Camera-wiki.org - The free camera encyclopedia**

While similar the the AE-1, the screen feels much brighter on the T90. And, therefore, facilitates somewhat quicker focusing. Only using manual lenses during street photography can be a problem. So, any speed is an advantage. Consider, again, the following two shots—one from the AE-1 and one from the T90:

### **A Review of the Canon T90 — The Insolite**

The Canon T90 is the most amazing manual focus camera I have ever owned. It's metering accuracy is legendary and body design and overall reliability and performance are likewise. This

## Read Online Canon T90 Manual

camera gives you so many metering options that it puts any other expensive manual focus cameras to shame.

### **Canon T90 35mm SLR camera Reviews | Analogue Cameras ...**

Developed as the top-of-the-line T-series camera, the T90 is a multi-mode SLR with built-in motor drive. The form of the pentaprism hump is a distinct characteristic. Instead of being sharp-edged like on previous cameras, it is rounded with smooth curves. The camera was designed to lessen the picture-taking burden on the user via automation.
