Stop Making Sense is a 1984 American concert film featuring a live performance by American rock band Talking Heads. Directed by Jonathan Demme, it was shot over the course of four nights at Hollywood's Pantages Theater in December 1983, as the group was touring to promote their new album *Speaking in Tongues*. The film is the first made entirely using digital audio techniques.

Birds are dinosaurs. A couple of decades of revealing finds and careful phylogenetic work have shown that birds are nested within the group of small, mostly predatory, and running dinosaurs that includes dromaeosaurs and troodontids, among others ([ 1 ][1]). Now, scientists are using that phylogenetic tapestry to trace the evolution of traits such as sensory biology and behavior. Two studies ...

The Birth of Probability and Statistics The original idea of "statistics" was the collection of information about and for the "state". The word statistics derives directly, not from any classical Greek or Latin roots, but from the Italian word for state.. The birth of statistics occurred in mid-17 th century. A commoner, named John Graunt, who was a native of London, began reviewing a weekly ...
