LABEL MATRIX QuickDraw is a basic label design package recommended for printing linear barcodes to Inkjet or LaserJet printers using store-bought sheets of labels. LABEL MATRIX PowerPro has the ability to print linear and 2D barcode labels to thermal and thermal transfer printers.

LABEL MATRIX | Barcode label design software

A machine tool is a machine for handling or machining metal or other rigid materials, usually by cutting, boring, grinding, shearing, or other forms of deformation. Machine tools employ some sort of tool that does the cutting or shaping. All machine tools have some means of constraining the workpiece and provide a guided movement of the parts of the machine.
