The Life and Times of Tim is an adult cartoon that Seth MacFarlane has no involvement in. If Family Guy pushes the envelope, Tim goes even further. This is HBO we're talking about here, they have nothing but quality, uncensored programming. This is no exception.

THE LIFE AND TIMES OF COTTON MATHER won the Pulitzer Prize for biography in 1985, and very rightly so. It is a highly intelligent, keenly insightful, and scholarly yet readable account of a very remarkable man.

Those who can find this book will not be disappointed. They will come to know the Reverend Mather quite well.
