The New Global Rulers | Princeton University Press

"The New Global Rulers] is an example of first-rate research that offers thick descriptions, compelling theory, and convincing empirical results. The authors have done a masterful job in expanding our knowledge and understanding of globalization, and the book deserves to be widely read."

The New Global Rulers: The Privatization of Regulation In ...

This internationalization and privatization of rule making has been motivated not only by the economic benefits of common rules for global markets, but also by the realization that government regulators often lack the expertise and resources to deal with increasingly complex and urgent regulatory tasks. The New Global Rulers examines who writes the rules in international private organizations, as well as who wins, who loses—and why.

In 2001, John Pilger made 'The New Rulers of the World', a film exploring the impact of globalisation. It took Indonesia as the prime example, a country that the World Bank described as a 'model pupil' until its 'globalised' economy collapsed in 1998. Globalisation has not only made the world smaller. It has also made it interdependent.
