### **Container Living - tiny-house-container**

Shipping containers are  
not very wide - usually  
8 ft. Compared to a  
tiny house on a trailer,

it's not that narrow, but  
that extra 0.5 ft or so  
can make a big  
difference. If you want  
complete control over  
the dimensions of your  
tiny house, a shipping  
container won't be the  
way to go. Shipping

Container tiny houses  
are a great option  
because they're  
inexpensive, usually  
recycled, and  
extremely durable. This  
means that by turning  
one into your home  
you're helping the  
environment by using  
something that already  
exists as a shelter,  
you're saving money  
compared to building  
from scratch, and your
